Dear D. B. Buehler

I just wanted to tell you how much I enjoyed the chat I had with you on the afternoon of October 6th. For a long time I have been intending to do some research into my family's history, but never seemed to get around to it. I think my talk with you will give me the inspiration to "get cracking" this winter.

Just as a matter of interest your letter of September 28th did not reach me until I returned from my week end in the Thousand Islands, after Thanksgiving Day. Another instance of slow mail service.

I am enclosing a card given to me by Francis D. Carroll of Campbellford advertising his antique business. I think you said your wife was interested in antiques. He is actually a High School teacher and the antique business is a hobby, but he seems to

have a valuable collection in his store which is quite large and the objects beautifully displayed. The mother, with whom he lives, was a Burleigh. I met her briefly and she seems quite an alert and intelligent person.

I will certainly be interested in acquiring a copy of the book you are preparing on the "Burleigh Family" whether our branch is involved or not. Please let me know when it is ready. or better still just ~~let~~ send me a copy and I will be glad to send you a cheque.

I thank you again for the chat and I hope we can get together again some time. Please let me know if you come across anything interesting that you think I might be interested in and I will do the same.

Kindest regards.

Feb. 25,
1974.

Dear Dr. Burleigh
(my cousin, I hope)

I'm afraid our hopes run pretty thin but still, you may have run across some familiar names in the list which I will give below of my grandfather's brothers and sisters. He was Paul Burley but I'm sorry we do not know Paul's father's name. His mother is said to have been Mary Boteral, b. 1764.

I have been working since retirement on mother's side of our family, finished a book on the McLarty of Argyllshire, and have been trying to do the Irish family, descendants of Michael Ogletree. I will do well if I am able to finish it. I should have concentrated on my father's genealogy, Burleys, for maybe it wouldn't have taken so long. In so far as we know the Burleys of our line, the male side, are dying out.

But I am digressing from our main subject. My grandfather, Paul, and his brother, William, lived in the area of Beverley, Yorkshire, Eng. Only one sister came to Canada, that was Elizabeth, Mrs. John Simpson. John Simpson had lived in Market-Weighton, which is not far from Beverley.

A list of brothers and sisters as given me from Elizabeth and John's son follows:

John, b. c.1803; d. July 5, 1879, at Bishop-Burton, Yorkshire, Eng.

Elizabeth, b. May 14; d. Leamington, Ont. April, 1851.

Mary, no dates available, m. Thomas London and Lived In London, Eng.

Edward, no information at all about him.

Paul, b. Jan. 1819. m. Elizabeth Brown, b. c. 1823.

" d. Mar. 19, 1878. " d. Jan. 1896. Lived near Ridgeway, Ont.
Burial of both was in Ogletree Cemetery near their home.

William, d. Oct. 1851. Resided on a farm in Romney Twp. Kent county, Ont.

I'm hoping you may have something on the Burleys of Yorkshire and might find some connection with the meager information I have given above. It seems that John is the only one like those mentioned in your letter. The other names were all strange to me. Thank you for writing. I was very surprised to learn of the change from Burley to Burleigh in your family. I had the idea the name was interchangeable in England's early days but never thought it was likely to happen so recently.

I hope to hear from you again, and perhaps you will be able to really call me cousin, otherwise I am

Your (maybe) cousin,

Minnie E. Burley

P.S. I forgot to say Islington is an area in the borough of Etobicoke, part of Metro Toronto. It was never incorporated as a village, though we call it that anyway. There is a Post Office though in that area.

BURLEY

This is a territorial name and from the same source as Burleigh. Parishes so called are found in Rutlandshire, Hants, Yorkshire and Cheshire.

Simon de Burley is recorded in County Salop in 1273.

A⁴ Hugh de Burley is mentioned in Berkshire in the reign of Henry III, Edward Burley in Wiltshire in 1577 and Henry Burleighe in Devonshire in 1605.

In London, the Burleys probably outnumber the Burleighs but in the U.S.A. they may be pretty even.

TILLSONBURG (CP) — A physical education teacher has been given a five-month suspended sentence for striking a student who is alleged to have commented to other students about the teacher's new-born son: "Does it have horns?"

Robert Burleigh, 32, was sentenced by Provincial Judge W. E. Ross following his conviction on a charge of common assault.

Terry Lamb, a 19-year-old high school student in Tillsonburg, 20 miles southeast of London, Ont., told the court Mr. Burleigh struck him with his fist several times in the school washroom last Dec. 6.

Hockey League season.

Esposito, who set three scoring records during the season, scored four goals and assisted on two others Wednesday night to tie a Stanley Cup record and lead Boston to a 10-0 victory against Toronto Maple Leafs.

His Boston teammates employed the same rugged style of play they used during the season and took a 1-0 lead over Toronto in their best-of-seven Eastern Division semifinal series.

Esposito's six points tied the playoff record established by Dickie Moore of Montreal Canadiens in an 8-1 triumph against Boston March 25, 1954.

Esposito set a record for most points this season with 126 and most assists with 77. He also established a record for most goals by a centre, with 49.

In other Stanley Cup action Wednesday night, Montreal Canadiens defeated New York Rangers 3-1. St. Louis Blues

COL. WM. W. BURLEIGH FOUND DEAD ON COUCH

Veteran St. Catharines Military Man Dies Suddenly
at Summer Home

WAS ACTIVE OFFICER

(Special Despatch to The Globe.)

St. Catharines, Aug. 4.—Lt.-Col. William W. Burleigh, well-known military man here, formerly Commander of the 19th St. Catharines Regiment and prominent shoe merchant of St. Catharines, was found dead last night at his summer cottage on the lake shore.

The family were to move in today, and he had gone to make preparations.

When he did not return home for his evening meal, a phone enquiry to a neighboring cottage caused a search. Colonel Burleigh being found on a lounge with a cigar in one hand and matches in the other, having apparently sunk to the lounge for rest after being seized by a weak spell.

He took command of the 19th Regiment in 1912 and was in charge at the outbreak of the war, when that unit was transferred into the Welland Canal protective force.

Only on Friday last he was a pallbearer at the funeral of Lieut.-Col. George Thairs.

He was 53 years of age, a native of St. Catharines, and leaves a wife and five children.

Evidently Expired When
About to Light Cigar in
Summer Home.

3-8-24

St. Catharines, Aug. 5.—Lieutenant-Colonel William W. Burleigh, shoe merchant, was found dead in his summer cottage on the shore of Lake Ontario Sunday evening, where he had gone alone in the afternoon to inspect the place prior to the family moving into it for the balance of the summer.

When he did not return home for his evening meal, a telephone enquiry to a neighboring cottage caused a search, Colonel Burleigh being found on a lounge with a cigar in one hand and matches in another, having apparently sunk to the lounge for rest after being seized by a weak spell.

He took command of the 19th Regiment in 1912 and was in charge at the outbreak of the war when that unit was transferred into the Welland Canal protective force, continuing during the war's duration. He was fifty-three years of age, a native of St. Catharines, and leaves a widow and five children.

Allan McIntosh, Almonte, Reports From Scotland

Allan McIntosh, Almonte RR5, reports further on his travels through Scotland as a member of the Ontario Junior Farmer Delegation. Almonte is one of four Juniors chosen because of his outstanding contribution as a 4-H Club member, a Junior Farmer, a 4-H club leader and his general interest in his community activity to enjoy this travelling scholarship through the British Isles. This report was somewhat delayed because it was sent regular mail rather than Air Mail and should have preceded that of last week.

MAY 22—Attended Fife county show and met a great many new people, show is like a fall fair but much bigger. Tremendous machinery exhibit, sheep dog trials, fat stock exhibition and young farmers competition. Machinery evaluation, stock judging and evaluation, tractor driving competition, setting up machinery and tug of war. Visited St. Andrews by the sea. Saw the big University there, over 1500 students. Saw the home of golf, first golf course and golf club house by St. Andrews beach. Visited Kincaid farm, home of Bill Cuthill, friend of Sandy Braid—840 acres which they own, large attractive buildings, amazingly well laid out by someone with a very inventive mind. Fatten Irish Black cattle, raise Suffolk, 145 ewes with lambs, sugar beets, turnips, seed grain. Went to dance at Anstruther later and danced a little. Dances and music very similar to Ontario although a few traditional dances were different, such as Duke of Perth, Lancers and Canadian Barn Dance.

MAY 23—Went to Perth markets with Mr. Braid in morning. First Macdonald Fraser Ltd., with 5 sales rings, 1 for beef, 1 for swine, 1 for sheep, 1 for dairy cows and the big ring for the famous Perth bull sales. Tremendous amount of pens under roofs. Next to Hay and Co., with 3 sales rings and a lot of holding space outside the building. All stock sold by auction, very little different than in Canada. On to the Perth Artificial Ice Rink with 7 runs for curling or they can be removed for skating or hockey. Also a 12 lane lawn bowling green with artificial turf for indoor winter bowling as well as a spacious lounge. Had lunch at Maeriff Arms Hotel at Bridge of Earn—a quiet and picturesque hotel by the River Tay. Up to Forteviot, a model village, 30 years ago, by a man for his workers and it still looks very modern. Through the Calder estate (whiskey magnate) an amazing forest which has been planted for years. The present Mr. Calder's father had a theory, that if a man had ten minutes to spare, there was always a tree to be planted. Now there are thousands of acres of valuable forests. Viewed some of the 75 acres of potatoes that the Braids have planted, mostly on rented land. The potatoes go to Italy for seed. Visited Hames Hamilton's farm—Blairmathort,

where he milks about 70 cows. He had Ayrshire cows but tried to cross with milking Shorthorn which didn't prove satisfactory, so he is switching to Friesians. Went to 21st birthday party for Jennifer Wier, a Bridge of Earn veterinarian's daughter with Sandy and Joy Braid at Station Hotel in Perth. Held in ballroom with dinner of iced melon, salad, 3 kinds of meat, two kinds of vegetables, two types of potato dishes, with ice cream and fruit salad and coffee. The orchestra played during the meal and for the hours of dancing afterwards. Everyone was very friendly and I made many acquaintances, especially the Wiers who were gracious and friendly.

MAY 24—Went with Sandy Braid to visit his uncle John Lawrie. Mr. Lawrie owns 4 separate farms which he runs as 4 separate units. At his farm called Burrelgh, he keeps 150 Ayrshire cows, the biggest I have ever seen. It consists of about 450 acres. Since the milk does not have to be pasteurized, he bottles it immediately. It is strained and cooled to about 60 degrees F. within seconds after it is taken from the cow and then bottled and capped and placed in a cooler which cools it to 33 to 34 degrees F. He bottles 300 quarts daily and the rest goes to an ice cream plant. His Tillyrie farm consists of 840 acres and he milks 77 cows (registered Ayrshires). He also raises many acres of potatoes, turnips, and oats and wheat for seed. Also about 400 ewes with lambs. The farm on which he lives is about 450 acres on which he runs his young stock and about 800 ewes. A beautiful home and grounds which he is leaving to take up residence on his newly acquired estate of 1140 acres in East Linton (castle included).

FORESTRY BRIEFS

Planting failures have been common where rich soils produce heavy grass and weed growth. Steps are now underway in this district with several new chemicals to control or kill all vegetation prior to planting.

June bugs have been taking their toll in forest tree plantings throughout the province. In infested areas, new seedlings have been completely stripped of all roots. To exercise control, insecticides have been applied to the ground around each newly planted tree, and presently the results are under close scrutiny.

Christmas tree growers are realizing that birds are exercising a serious influence upon the success of this new and important industry. During the late autumn and throughout the winter, the birds apparently offer succulent eating. Pruned trees are the most attractive because of the small bud size and the level landing area created where the sharp needles have been cut back.

MAY 25—Went for a trip with Sandy and Joy Braid, Bob Howie, Pat Thompson and Margaret Stin. Passed through Dollar, past Wallace's Monument (Scottish Hero) to Loch Vennacher and Loch Matraine for lunch, across water from famous Trossacks hotel, on to Grampian Mountains, past Loch Tay to Aberfeldy for high tea. Past Gleneagles Hotel, supposed to be the largest and most famous in British Isles. Hurried back to Kinross to get Joy Braid on train to get back to Edinburgh where she attends Atholl Crescent (Edinburgh Domestic Science School) one of about 60 girls. We then delivered Pat Thompson to her home at Kettie, a mining town, the first in a chain of mining towns along the mountains. Then back to Channel and after seeing about 2000 ft. of 8 m.m. film, which Sandy has taken in the last year or so, it is off to bed.

MAY 26—Mr. Braid took me to the Strathallan estate of Sir James Denby Roberts. It consists of about 30,000 acres, which is made up of 8 farms of 300-450 acres each, run as a separate unit with its own manager. There were 4 dairies (herds of polled Ayrshires, the first in Scotland, a herd of highland cattle, a pigery with about 700 pigs (English Yorks), a hay drying plant, a saw mill and a well run forestry program. He also is in a potato company which ships about 700 tons of potatoes for seed. Raise their own virus free stock in their own greenhouses. They have 16 people who work at only potatoes the year round, planting, hoeing, hilling, digging, storing, sorting, cleaning (with mechanical cleaners) loading ships (200 ton lots), an MG convertible (very airy). I The potatoes are stored in the ex-met Jim Dick, Christine Gibb and tensive, electrically heated garage-Dave Purdy that evening.

es at Gleneagles Hotel, which is not used in the winter. (The Gleneagles is open from April to October). Our tour guide was Mr. Robert Duncan, the manager for the potato company and superintendent of the entire Roberts enterprise. Dinner at Ruthven Towers Hotel. Walked through Gleneagles Hotel (swimming pool, squash courts, 2 dining rooms, 2 ballrooms, golf course and riding horses).

MAY 27—Packed and said goodbye to the Braids and took off for Edinburgh with Sandy. Across the Firth of Forth ferry and stopped for a few minutes at Atholl Crescent (Domestic Science School) and met some of the (absent) students. Met Kay and Jean Horsborough and had dinner with the Young Farmers Office Staff, then off to the Wouth West Area. We passed through some very wild and rough country between Edinburgh and Dumfries. Sheep and a few highland cattle were the only signs of life in that part of the country. We were met in Dumfries by Jean Dick, Kay's host and Chris Mason of Southwick home farm near Dalbeattie. Chris managed a farm of about 500 acres for Sir James Thomas of the Southwick estate. Until last year the farm had been rented out, but because of mismanagement, the tenant had been put off and a manager put in instead. About 1/2 of the farm is almost at sea level and very subject to flooding with a very high tide. That night we went to a boys' football game and a girls' hockey practice at Dumfries. We went with Jim and Christine Kirkland who live on a farm nearby, as Chris drives an MG convertible (very airy). I The potatoes are stored in the ex-met Jim Dick, Christine Gibb and tensive, electrically heated garage-Dave Purdy that evening.

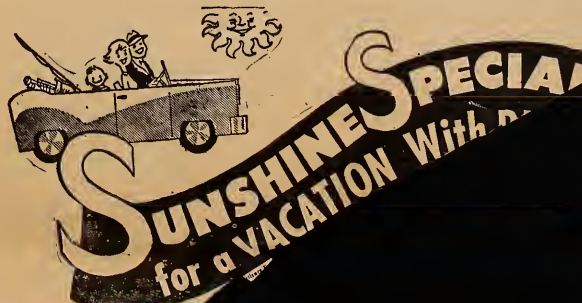

MAY 28—We went in Land Rover to check sheep on hill. Sheep are kept for 3 years on mountain and then brought down to Southwick farm for their fourth year when they are most liable to have twins and there is more opportunity for saving them. There are about 600 ewes kept on the hills and 130 at Southwick farm, run by Chris Mason and 125 at Torrorie, another farm of Mr. Thomas' run by Mr. Jim Youngson, a man of about 60 with excellent managing ability. The weather was wet and cold and the men were busy cleaning all the machinery and carefully oiling it. This practice is more carefully carried out over here than it is at home. That evening we went to a barn dance at Thornhill, at Morven Mill, the home of Mr. John Hunter, a grain merchant and fieldman for Scottish Agricultural Industries. He toured Canada with his wife last year.

BANS SMOKING IN PRESCOTT SCHOOL

The board adopted a recommendation of the management committee to ban smoking by students on school property next term at Prescott High School. Also endorsed was the policy of supervising principal R. A. Cousins ruling out "jeans", dungarees and certain types of leather jackets as improper school attire.

Dear Dr. Burleigh

I was home last week-end
and found out what my grand-
parents' names were. Grandpa's
name was John Wesley Burleigh
and Grandma's name before she
was married was Isabella Louie
Anderson. I don't know if it
will help you in any way or
not but it may help.

Yours truly

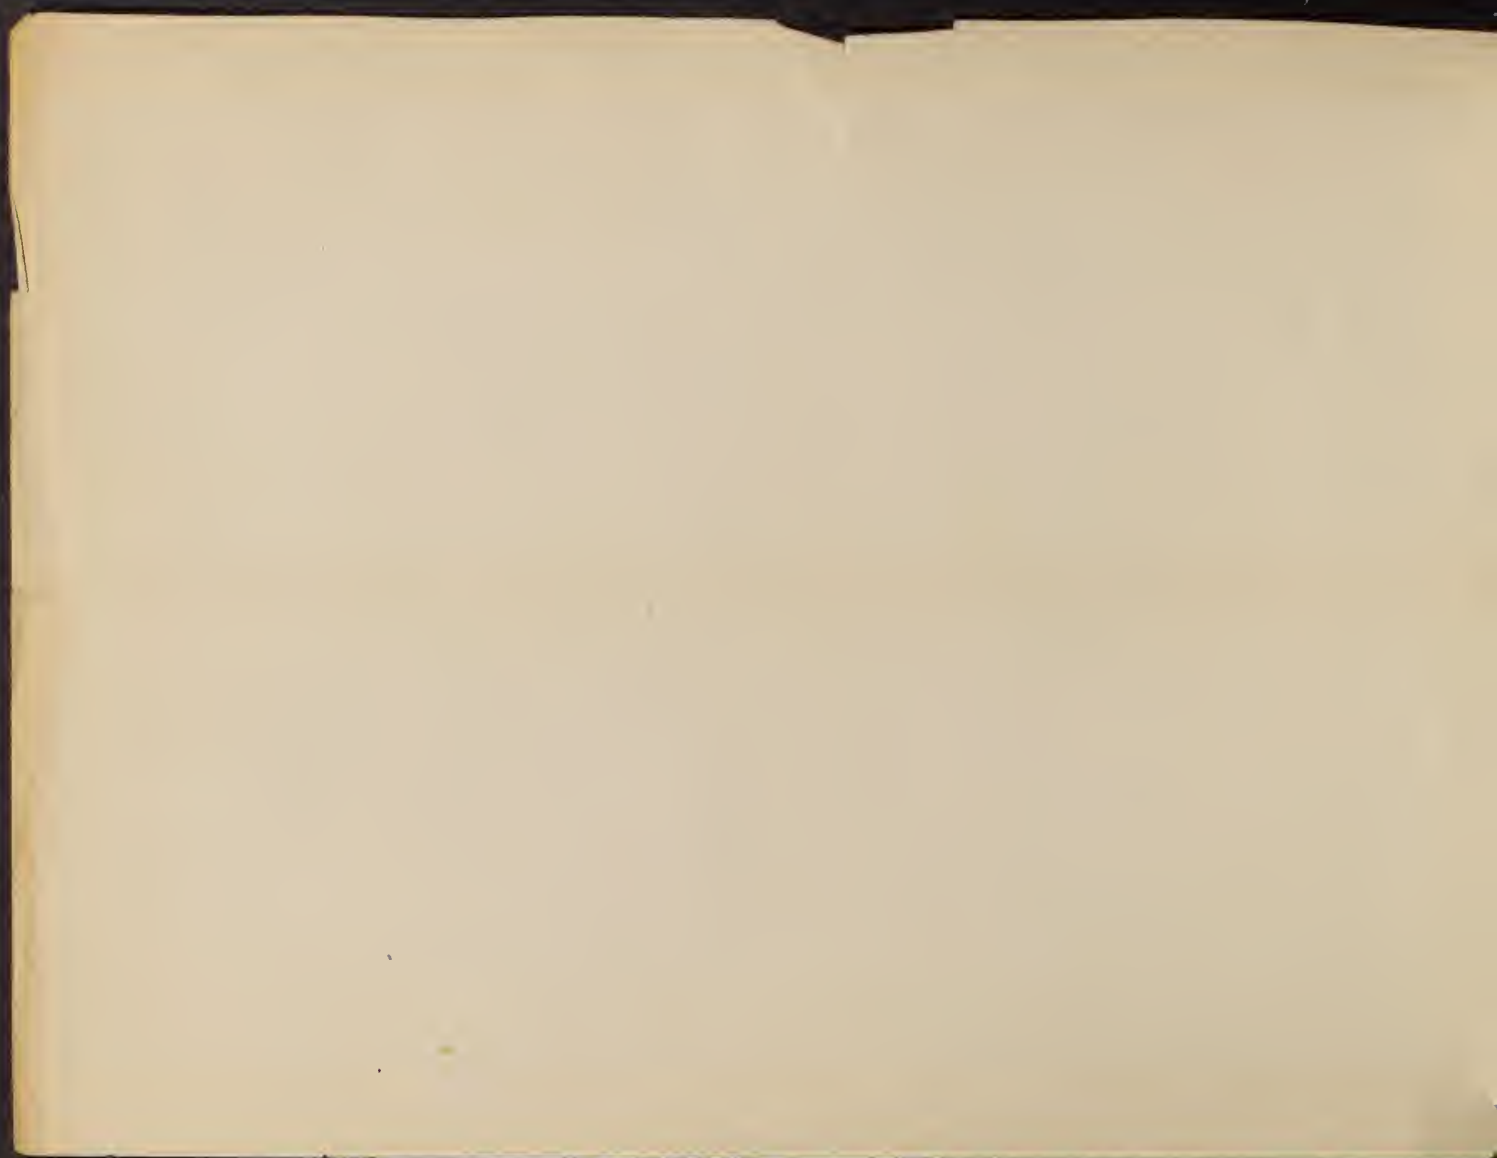

John W. Burleigh

P.S. My mother's name before married
was Sarah Thompson.

MRS. J. F. RAYMON of 242 Emma st., Sarnia. Her mother is a daughter of JOSEPH
BUTLEY of Marysburg, Prince Edward County.

who graduated from the University of Western Ontario Medical School in 1917 and had practised internal medicine in London since 1920, died in London on May 1st.

DR. DAVID BURLEY

died in May at Almonte, Ont., in his 95th year, having been in active practice until he was 94. He was a native of Thedford, Ont., and spent his early years there in the lumber and fishing industry. He was a summer resident of the Barrow Bay area on Ontario.

DR. HENRY KNIGHT MITCHELL

of Port Arthur, Ont., died in a Duluth hospital on May 16th at the age of 69. Born in Port Arth-

ur, he resided there until World War I when he enlisted as a captain with the Royal Canadian Dragoons and served overseas from 1915 to 1919. At the end of the war he returned to the Lakehead, then moved to Sioux Lookout in 1923, where he remained for 32 years. He moved back to Port Arthur in 1956.

DR. ALPHONSE L. GUERTIN

died in Montreal on May 23rd at the age of 72. Born in St. Antoine, P.Q., he studied at the classical college in Marieville. In 1911 he received his medical degree and after a period of advanced study in England he returned to Montreal to practice. In an active medical career he was successively attached to St Joseph's Hospital, Lachine, Hotel Dieu Hospital and latterly with the St Jeanne d'Arc Hospital. Dr. Guertin was a member of many French and English medical associations and a past president of the Montreal Ophthalmological Society and the Societe Canadienne Française Ophthalmo-oto-laryngologie. He was also a governor of the Quebec College of Physicians and Surgeons.

Mr. H. C. Dunsen

OTTEF LAKE, QUE. Sept. 1, 1900.

Dear Doctor Burleigh,

Renewing our friendship of some five or six years ago I am sending you a clipping from the Benfrees Advance, giving an account of the Forrest Family reunion, held recently. It might prove interesting to your brother-in-law, whose name and affiliation into the family I ignore.

I am also sending you a summary of the Forrest family made out by my sister, from information received from some of the older members. My notes that I sent you and which you returned, had some of this information.

I have done a lot of genealogy since I heard from you last. Requests have been coming in from all directions for information on families and this has enabled me to complete many of my records. But I have not sufficient time to keep up to date with this correspondence. Little by little I get it done. It is surprising how all these families are beginning to join into others from whom I have received similar requests.

Recently I had a visit from Howard W. Warner, President of the Sir Guy Carleton Branch of the United Empire Loyalists' Association of Canada. Our conversation naturally turned to the Loyalist Settlements in Canada, of which I know very little and would like to know more. I have the names of those who settled around Niagara in the 1780's, & published in one of the year-books of the Ontario Historical Society, about 1812. Then I showed him what I had taken of the families who settled in Augusta Township about the same time, taken from the micro-film records of Canadian Census. This however is far from complete and only covers part of the territory allotted to the families. Besides the lists give only little information, very often only the name of the man and none of his family.. Much more than that must have been recorded on these.

If I remember rightly, you said that you were interested in the U. E.

112

would it have been Mr. Crouse who told me?

Mr. Warner has written me since to ask me if I would not address their group at Ottawa some time soon. I know so little about what interests them that I hesitate to accept this honour offered me. Could you possibly give me a short sketch on the location of these settlements, their number, the approximate dates of settlement, if they varied, what information is available on these families and where it is to be found. This would give me at least a little confidence in facing these men, who certainly know much more about this matter than I do. I hope I am not asking too much. Perhaps you have already ~~given~~ given a conference to this Ottawa Group yourself.

Apparently I have North Augusta, while Mr. Warner is especially interested in South Augusta and the Morey and Murray families and their origine. The micro-film list S. Augusta under the same number as N. Augusta, and the North are the only ones I find there.

I wonder if you ever gave me any thing on your parents and grandparents? If you did I will have to look up our letters, as I see nothing entered in my files. Spent Burleigh I have only John 1864 of Iroquois m. to Amedea Anderson, a Burleigh of Carleton Place m. to the daughter of Finley C. McEwen, one of Panenhan, whose children were: Wm. Henry, Mary Ann, b. 1866 Eliza Jane, Robert and a Mrs. Stevens of Teeswater, and lastly those spent-Burley: Carmen of Ogdensburg, George who married a Metcalfe, a J. Burley m. to a Bird of Moneymot, a John of Watertown, N.Y. d. 1905, Peter who lived at Niagara where a daughter was born in 1816, Thomas of Deseronto m. to a Tyner, daughter of Richard. A sister of Mrs. Burley is Mrs. Albert B. Root of Naperville. Thomas had a daughter Marjory Burley, an Old William b. in 1796 at Farnaugh, Ire, m. in 1840 to Martha Wilson. They lived at Hungerford. I have the names of eight of their children, W. Root 1871-1900 of Winchester m. to Ellen Loucks--a son J. D. and finally a Marjorie b. in 1881 married to George H. Warner of Clyde Forks.

With all good wishes to Mrs. Burleigh and yourself, *Joe O'Graville*

MR. AND MRS. D. A. BURLEIGH

Bride's sisters are attendants

Patricia Mary Cole and Donald Andrew Burleigh exchanged wedding vows at St. Basil's Roman Catholic Church with Rev. James Scoles officiating.

The bride is the daughter of Mr. and Mrs. Maxwell Cole of 36 Huff Avenue. The bridegroom's parents are Mr. and Mrs. William Burleigh of 180 Elgin Street.

Given in marriage by her parents, the bride wore a Spanish gown of chantilly lace accented with seed pearls and featuring a ruffled skirt forming a cathedral train.

The bride's sister Sharon Jackson was matron of honor. Her other sisters, Maxine Birdsell, Wanda and Pauline, were bridesmaids. All wore blue polyester gowns with matching capes as did flower girl Sherry Jackson.

Andy Burleigh was ringbearer.

The bridegroom's brother

were Jim Jackson, Glen Mellor and Doug Robins.

Following the ceremony, a reception was held at the Polish Hall.

The bride's mother wore a yellow polyester gown with matching cape. The bridegroom's mother was attired in a coral polyester gown.

For travelling to Florida, the bride wore a two-piece beige suit with matching blouse and brown accessories.

The couple is living in Brantford.

The bride was honored at showers arranged by: her mother and mother-in-law; her mother and the matron of honor; and co-workers at United Carr.

A party was arranged by the bridegroom's brother and sister-in-law.

A buck-and-doe dance was arranged by the groomsmen and

Dear Dr. Burleigh,

I have long been interested in the history of the Burleigh family, but I am afraid I have not had time to do any real research of the matter. I have often been referred to you as an expert and intended to get in touch with you, but once again neglected to do so.

On the Canadian Thanksgiving weekend I plan to drive down to visit a cousin of ours in Redwood, New York and I thought that if you had a few minutes of free time after lunch on Saturday October 6th I could drop in for a chat. I could

give you a call after I reach Kingston and you could tell me if you are free. I don't want to impose on you.

I thought you might be interested in the enclosed newspaper clipping that a friend of my sister sent to her this summer. It is from the Brantford, Ontario paper. It is not necessary to return it.

I hope we can get together.

Regards

Thomas Henry Burling

Dear Burleigh:-

Found the following in old Presbyterian Register in Picton, Ontario.
May 30, 1869 - St. Andrew's Presbyterian Church, Picton. Married-
ABRAHAM HUYCK, age 30, son of Benj. Huyck & wife, Caroline Burleigh, and-
DORA ELLEN YOUNG, age 20, dau. of Thomas Young & wife, Eliza. Cooper.

Doc- I am getting back into genealogy in an attempt to complete my records before passing on. Found my Stephan S. DeGroff & wife, Maria M. Crouse (married Picton 1852) living near Dearborn, Mich. with big family. The huge genealogical files of Detroit Genealogical Society have many hundreds of Canadian (Ontario) families listed. They went there in the 1850-1860 period.

I am becoming convinced that my OLIVER CROUSE, 1777-1841, with brothers and sisters, lived in Kingston after War 1812-14. I have proof that Oliver was living there in 1814. Perhaps one of his parents lived there also. If you know of any new genealogical material which may be unearthed in the Kingston area please advise. I hope to come done this Spring to spend a few days looking into Anglican and Presbyterian records.

I have found the following:-

The wife of Pte. Donald McCrimmon of Marysburgh, U.E.L., was ELIZABETH WITZEL of German stock, in Mohawk Valley. (from McCrimmon descendant of Pte. Donald (Daniel) Cambridge, Ontario.

The JOHN CROUSE you told me about who signed up with Jacob Miller in 1777 married DOROTHEA MYERS, of Loyalist family, both of old families, in the Schoharie district. The former found in CROUSLER/CRYSLER records at the Old Fort Museum, Schoharie town.

Hank Jones, P.O. Box 3341, Universal City, California, U.S.A., 91608 - will send a list of Palatines Families of N.Y. which have been traced back into Germany. Many U.E.L. and Bay of Quinte names. Interesting project.

Best regards to you and Dorothy and hope you weathered the Winter OK.

As ever yours,

Gord

P.S. - I now have all of Oliver Crouse Family, 1777-1841, complete-except:-

- X (a) Family of THOMAS and MARY JANE FOILARD (FALYARD) or was it FOIKARD.
(b) Miss.....CROUSE marriedRYAN and had four sons-
Patrick, John, Charles, and William Ryan.

If you know of anyone searching out these family names, or someone who may be able to help me - Please advise.

Sir Philip = Johanna = Sir Thomas

At the same time this Salop family is identified with that of the barblers Sir Simon B. of Richard II's reign.

7. The falseness of this last theory is shown, I think, by a pedigree at p. 18 of Vol VI of Collect. Topog. et. Gen. :—

Sir Richard = Alice = Roger B.

These last two pedigrees would seem to dispose of the connection between the Barleys of Boreley, co. Hereford and the family of our lady.

From a letter, of which the following is an extract, received from Capt. H.C. Burleigh, R.N. of the Moorings, O'Reihan, N.Z., Dr Burleigh would appear to have been descended from the Burleighs who settled in co. Down in 1649 (vide Burleigh of Carrickfergus, Burke's Landed Gentry). The coat of arms of that family, however, and that given as Dr. Burleigh's differ very materially.

"I regret that I am unable to give you any positive information about your ancestor, George B. My eldest brother left no sons, and when he died the property was disposed of and the family broken up. Unfortunately, I was abroad, and no care was taken of the family papers. The pedigree which I managed to rescue was in a very dilapidated condition, and I have only been able to follow the senior line, which I represent. I send you a copy, from which it appears there were two offshoots, which I have marked with blue cross. To the best of my belief George B. was a son of John, who married Mary Jackson and left a son and a dau. I have heard my father speak of him, but as I say, I have no positive information. The first of my family who settled in Ireland was captain of a ship-of-war in the Dolent and was, with a number of his men, under the windows of Carisbrook Castle when Charles I endeavoured to escape, and got his head jammed between

Dear Mr. Burleigh:

The last issue of the National Genealogical Society quarterly carries your name as one interested in Burleigh family history.

My ancestor Joseph Burley born in Opping New Hampshire August 7, 1755 had a son Gordon born August 25, 1795 in Dorchester New Hampshire who moved with his wife Elizabeth Pickering Weeks to Middleton Ontario according to my information. One of his sisters was my ancestor but there are breaks in my Hilton and Burleigh lines that I hope sometime to fill. I thought it was possible that you could be a descendant of that brother Gordon -

Unfortunately I can not send you a stamped envelope for a reply but I am enclosing an envelope with a stamp that I hope you have a stamp collecting child to appreciate -

Sincerely

Dorothy L. Boynton
